

Good faith estimate

Self-pay patients and those who are not using insurance have the right to receive a Good Faith Estimate for the total expected cost of any nonemergency items or services. This includes related costs like medical tests, prescription drugs, equipment and hospital fees.

Make sure your healthcare provider gives you a Good Faith Estimate in writing at least one business day before your medical item or service. You can ask your healthcare provider, and any other provider of your choice, to provide you with this estimate before you choose to schedule the item or service.

Make sure to save a copy of your Good Faith Estimate. If you receive a bill that is at least \$400 more than your Good Faith Estimate, you can dispute the bill.

For questions or more information about your right to a Good Faith Estimate, visit www.cms.gov/nosurprises/consumers, email FederalPPDRQuestions@cms.hhs.gov or call 1-800-633-4227.
